I wish to submit a brief report for 1967. I am sorry to say that not too much has been accomplished on the local scene this year. One book and cookie sale was held in September, netting about 40 dollars.

A gift of \$100 worth of reference books was again given by the State Library. This yearly State Aid enables us to have many books which we could not otherwise afford.

In April, I was appointed Chairman of the Southwest District Advisory Council for 1967-68. This group meets quarterly and is made up of both librarians and trustees who strive to solve problems and transact any business that may arise within the district. It also plans programs that will be beneficial and educational for the libraries of the area.

My deep and sincere thanks go to Mona Packard and Mary Hawley Beers for keeping the library open during my absence of about five months. Also, I want to thank all the other thoughtful people in Richmond who sent cards and gifts during my illness. Each one contributed so much to my recovery.

Respectfully submitted,
EDITH W. ATKINS,
Librarian

FIRE CHIEFS REPORT

Two of the three hydrants have been installed according to soil conservation specifications, tested and found satisfactory.

The third one has not been installed due to unforeseen conditions at the water hole, but will be soon as this condition can be corrected.

Work on the truck we procured through the state and are converting into a forest fire truck is progressing.

The emergency light, which was donated, at the fire house has been repaired and is in working condition.

We have had a very good year as far as fires go and let's try to keep it this way next year by eliminating any fire hazards we have around our buildings and land and using extreme caution.

When cleaning up, try to use the dump provided by the town as much as possible.

Please do not forget to get a fire permit for any burning, incinerators included. This is a state law and subject to a fine if not obeyed.

FOREST FIRE WARDEN REPORT

The year of 1967 will go down in history as a wet year although the early spring was dry and windy. During this time, we had many fires, unnecessary fires caused by carelessness and disregard for the common-sense fire laws and regulations. This lack of responsibility on the part of a few people hurts everyone. Let's work together to prevent the start of those unnecessary fires by:

1. No burning between 9:00 A.M.-5:00 P.M. and then only with a permit from the Forest Fire Warden.
2. Take all debris and waste to the town dump.
3. Keep a clean, safe town dump.
4. Urge close supervision of children in regard to use of matches.
5. Exercise care with smoking material-use the ashtray.

REPORT OF THE POLICE CHIEF

I hereby submit my report for the year 1967.

At this time I wish to call it to the attention of the residents of Richmond that the calls which your police received during this year increased over 200 percent.

This year we were called to the scene of 25 accidents. Last year we were called only 11 times. We had our first automobile fatality since 1955.

Your police were called 24 times to investigate disturbances of the peace. This is three times the number of the preceding year.

Twenty-six breaks were checked and the cooperation of the Sheriff's Department was enlisted when necessary. Some thirty-six stolen items were recovered. Last year we recorded 10 breaks.

We assisted neighboring police departments in the investigations relating to three stolen cars.

Delinquent dog taxes were collected and seven stray dogs were picked up by your officers.

Four emergency messages were delivered and one death was investigated.

Your department cooperated with other county departments in the search for 6 missing persons and escapees.

Your policemen stood duty at five public functions. During the summer months the Town Beach area was checked each day.

On school days there was police protection for your children at Four Corners.

Again this year officers stood duty during heavy traffic periods caused by the race track traffic. Warnings were issued when necessary.

REPORT OF THE POLICE CHIEF

The Department has cooperated in all Civilian Defense activities and with the Town Health Officer.

We urge that you do not delay in reporting any suspicious persons or activities which you observe. It is only through your cooperation that your Department is able to function efficiently.

Respectfully submitted,
ROY B. HEISE,
Chief of Police

CIVIL DEFENSE DIRECTOR'S REPORT

To the Board of Selectmen and Citizens of Richmond, N. H.

I hereby submit my report for the year ending December 31, 1967.

We have received some surplus supplies, and have been in the process of updating our Control Center Emergency Operations Room. (not completed yet)

According to federal requirements, we have taken part in seven federal and state alerts, in which some of our members were involved: (January 10—FOX TROT, two days; February 20—CHECKERBOARD; three days; March 14—Cascade, two days; October I. R. I. S., one day; October 8—C. D. E. X. 67, three days; October TEST 24-25-26-27-28-29-30, November 1st end of test.) Richmond received a grade of 95%. We have also been involved in 181 meetings with Federal, State, and County Officers.

Owing to increased international tension, we are responsible for increased readiness actions. Under that heading we will commence a moderate step-up of training for all units.

CIVIL DEFENSE DIRECTOR'S REPORT

This is your insurance for survival, this is your Civil Defense. You are needed **now**; we have a place and a job for everyone. Please contact us now for more information.

We wish to thank all who have helped to make our Civil Defense strong. For our transactions, please refer to Civil Defense in the Selectmen's report.

Respectfully submitted,
HECTOR G. HOLM,
Director

BEACH COMMITTEE REPORT

Last year was the first time that an appropriation was made for the Richmond Town Beach. The following work was done and improvements made.

Four loads of sand were added to the beach area.

A new culvert was built under the road entering the Town Beach with materials supplied by Edward McGrale.

A drainage ditch was dug at the back of the beach adjacent to the road, with help from Bill Sax.

The Beach Committee built a new and sturdy raft, and two picnic tables were supplied by Roger Carrier.

Also at the end of the year Leland Robbins procured some cement curbing for the parking lot.

In behalf of the town, I would like to thank the Beach Committee and all townspeople who were so helpful with their time and donations.

Respectfully submitted,
GEORGE R. BLAIS,
Chairman

PLANNING BOARD REPORT

The Planning Board has made excellent progress this year. Five meetings were held and consideration was given to the improvement of the appearance of the Four Corners; compilation of a detailed, large-scale map of Richmond; improvement of highways 32 and 119; naming of all roads in Richmond and the installation of substantial and attractive signs at important intersections.

In view of the fact that the regular duties of four of the board members often prevented their attendance at the meetings, it was decided to increase the membership from five to seven. Mr. Harry J. Bennett and Mr. Edward J. McGrale were appointed as five-year members.

A large-scale base map, showing only roads and streams, was supplied by the Department of Resources and Economic Development. The Planning Board gave considerable time to determining the kind of map that would be most useful to the Selectmen, the Fire Department, the Planning Board, other town officials, and the townspeople.

It was decided that such details as houses, public buildings, cemeteries, road names, elevations, etc., were essential. Mr. Harry Bennett has kindly added all this detail, and the map will be ready for printing shortly after the next Town Meeting.

The draft map will be on display at the pre-Warrant and Town Meetings for inspection by any of the townspeople who may wish to offer suggestions for additions or changes. An alphabetical list of residents showing the location of their homes will accompany the map.

Five amendments to the Zoning Ordinance were prepared. Four were for the purpose of clarifying the meaning of the ordinance while the fifth, which concerns public hearings, provides a change to conform to the new state law which became effective August 21, 1967. Hearings on these amendments will be held on February 1 and 20, 1968, and they will be voted on at the next Town Meeting.

Chairman

HEALTH OFFICER'S REPORT

With the help of officers working out of Concord, much was accomplished this past year in updating our method of disposal of water and waste from homes and cabins. Water pollution still remains a threat to our community unless strict measures are taken.

The brook running through Activity was thoroughly checked, following through on house to house drainage. All met necessary plumbing conditions, however there is still further investigation necessary. It could be surface drainage which may be a threat to this area. However a colored peat dye test will be taken this year. Water tests proved it good for human consumption when tested.

Roaring Brook was also under investigation after I received a complaint. This will also be tested this spring. In this case, kitchen waste from a home was draining directly into it. This was corrected with a dry well being dug and all drainage directed into it.

Cass Pond had its problems this year, but this was covered by the State Office. Because of my illness I did not personally check the beach more than three times. A badly torn canvas on the float was replaced by the beach committee, which was one complaint, but other than the inconvenience of having the beach closed a few days to clean out the weed growth, all seemed clean and well kept, as a fellow officer often reported to me.

There were very few communicable diseases to report this year. All were minor cases.

School problems were very numerous. Nurses and superintendents were very aggravated at the condition of several of our school children. Filth is one thing we cannot pass on to others. This situation, under certain conditions would cost our tax payers a sum to help correct. Upon investigation I found the family well able to care for their personal responsibility, giving them a list of medication necessary to correct the situation. Our tax payers need not pay for others' neglect.

HEALTH OFFICER'S REPORT

A survey of nuisance conditions will take place shortly so that no junkyard conditions exist in this area. Don't take this order from Concord too lightly. Storage is for barns, not the porches and front yards along highways.

During my absence I wish to thank Mrs. Arthur Stinson for keeping my weekly records up-to-date.

I appreciate the cooperation I have received from the community, also fellow officers of Keene and Concord.

Respectfully submitted,
KATHRYN K. RAWDING,
